Sun Fire™ V1280/Netra™ 1280 Systems Getting Started

Accessing the Sun Fire™ V1280/Netra™ 1280 Documentation Files

The full documentation set for Sun Fire V1280/Netra 1280 systems is available on the documentation CD (doc CD).

1. **Insert the doc CD into a CD-ROM or DVD-ROM drive**

   - If you are accessing the doc CD from a Power Macintosh, PC, or if your system is running Volume Manager, the CD-ROM will mount automatically.

   - If your system is not running Volume Manager, become superuser and mount the CD-ROM manually by typing:

```
# mkdir -p /cdrom/cdrom0
# mount -o ro -F hsfs /dev/dsk/c0t6d0s2 /cdrom/cdrom0
```

   The above command applies to workstations with SCSI drives. If your workstation has an IDE drive, the device is `/dev/dsk/c0t2d0s2`.

2. **Open the `cdrom0` directory to access the PDF files with Adobe® Acrobat Reader. If you do not have Adobe Acrobat Reader installed, you can download it at no cost, at:**
   `http://www.adobe.com/products/acrobat/readstep.html`

Installation Task Map for Sun Fire V1280/Netra 1280 Systems Pre-Mounted in a Sun Rack

Step 1	• Verify power, air conditioning, and floor area requirements — Refer to the *Sun Fire V1280/Netra 1280 Systems Site Planning Guide.*
Step 2	• Set up the Sun Rack and connect the power cables — Refer to the *Sun Rack Installation Guide.*
Step 3	• Connect an administrative console to access the system controller — Refer to the *Sun Fire V1280/ Netra 1280 Systems Installation Guide.*
Step 4	• Power on the Sun Rack — Refer to the *Sun Rack Installation Guide.* • Power on the individual systems — Refer to the *Sun Fire V1280/Netra 1280 Systems Installation Guide.*
Step 5	• Allow the system to run through POST and ensure there are no errors, then power off the systems and the Sun Rack.
Step 6	• Power off the system — Refer to the *Sun Fire V1280/Netra 1280 Systems Installation Guide* • Power off the cabinet — Refer to the documentation that came with the cabinet.
Step 7	• Install options and storage devices — Refer to the documentation that came with the option or storage device for details.
Step 8	• Power on the Sun Rack — Refer to the *Sun Rack Installation Guide.* • Power on the individual systems — Refer to the *Sun Fire V1280/Netra 1280 Systems Installation Guide.*
Step 9	• Configure the system — Refer to the *Sun Fire V1280/Netra 1280 System Administration Guide.* • Create additional domains (if needed) — Refer to the *Sun Fire V1280/Netra 1280 Systems Platform Administration Manual.*
Step 10	• Install the Solaris software on each domain — Refer to the *Solaris Installation Guide.* • Boot the Solaris software on each domain — Refer to the *Sun Fire V1280/Netra 1280 System Administration Guide.*

Installation Task Map for Rackmounting Sun Fire V1280/Netra 1280 Systems

Step 1	• Verify power, air conditioning, and floor area requirements — Refer to the *Sun Fire V1280/Netra 1280 Systems Site Planning Guide.*
Step 2	• Set up the cabinet and connect the power cables — Refer to the documentation that came with the cabinet.
Step 3	• Mount the system into the cabinet and connect power cables — Refer to the *Sun Fire V1280/Netra 1280 Systems Installation Guide.*
Step 4	• Connect an administrative console to access the system controller — Refer to the *Sun Fire V1280/Netra 1280 Systems Installation Guide.*
Step 5	• Power on the cabinet — Refer to the documentation that came with the cabinet. • Power on the individual systems — Refer to the *Sun Fire V1280/Netra 1280 Systems Installation Guide.*
Step 6	• Allow the system to run through POST and make sure there are no errors.
Step 7	• Power off the system — Refer to the *Sun Fire V1280/Netra 1280 Systems Installation Guide* • Power off the cabinet — Refer to the documentation that came with the cabinet.
Step 8	• Install options and storage devices— Refer to the documentation that came with the option or storage devices for details.
Step 9	• Power on the cabinet — Refer to the documentation that came with the cabinet. • Power on the system — Refer to the *Sun Fire V1280/Netra 1280 Systems Installation Guide.*
Step 10	• Configure the system — Refer to the *Sun Fire V1280/Netra 1280 Systems Platform Administration Manual.* • Create additional domains (if needed) — Refer to the *Sun Fire V1280/Netra 1280 System Administration Guide.*
Step 11	• Install the Solaris software on each domain — Refer to the *Solaris Installation Guide.* • Boot the Solaris software on each domain — Refer to the *Sun Fire V1280/Netra 1280 System Administration Guide.*
